

Questions for HEAL Campaign advisory committee invitees and interviewees

1. How should we (the campaign) talk about obesity and the need for policies to improve nutrition and physical activity environments in a way that city council members will understand?
2. What is the most compelling argument you have used to convince your fellow city council members to support nutrition and physical activity policies?
3. Could the HEAL/ Campaign for California Cities support your nutrition and physical activity policy efforts? If so, how?
4. Do you know council members in other cities who are interested (or might be interested) in improving the nutrition and physical activity environments in their city?
5. Would you be interested in co-hosting a regional training that we (the campaign) would conduct for city council members in your region? YES!
